CHILLS AND FEVER, The proprietor of this celebrated medi-cine justly claims for it a superiority over all remedies ever offered to the public for the safe, certain, speedy, and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In & great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a erfect restoration of the general health. perfect restoration of the general health. ST. Louis, April 30. Dr. John Bull-Dear Sir : Knowing the efficiency of your Sarsaparilla, and the healing and beneficial qualities it possesses, send you the following statement of my case I was wounded about two years ago-was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a mement since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in any thing else. I wish that that is genuine. Please express me half a dozen bottles, and oblige CAPT. C. P. JOHNSON,

P. S .- Mr. Johnson was the son of a skillful surgeon. His mother recommended to her friends, and for many years used my Sarsaparilla with perfect success. In Scrofnla and Fever-sores Mrs. Johnson states that the cures effected were almost miraculous. Read my Journal for extended information and advice in your case. My Journal contains certificates of eminent persons, ministers and medical men-men who are known here in this community for integrity and veracity. I have recently received a most remarkable certificate from an eminent gentleman of Louisville. JOHN BULL.

Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole histry of medicine, has anything won so widely and sedeeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this anidote for them. Although settled Consumption is thought incurble, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to send health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Ayer's Cathartic Pills,

Perhaps no one medi-cine is so universally re-quired by everybody as a cathartic, nor was ever a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effected repeal versely than any

son is, that it is a more reliable and far more effectual remedy than any other. Those who have not, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For Eventuals of the stores of the large of the stores of the stor

For Dysentery or Diarrhoea, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints
